

Activity Consent Form

Student Name: _____ Date of Birth: _____

During the time your child is a residential student, there will be many sporting and social activities available after hours and on weekends. Some of these activities involve Campus teams, while others may be pursued on an individual basis through local or regional teams. It should be appreciated that some of these activities are administered by external organisations. The Campus has no control over these events and may not provide supervision.

Some of these activities present an obvious risk of injury to the participant. Such injuries are beyond the control of the Campus and as such the Campus will not accept responsibility. The student is required to provide their own protective equipment, strapping, mouth guards and sports bands/guards as required by the event.

This form details the activities that **may** be available to your child. You are required to provide your written permission for your child to participate in these activities.

EXCURSIONS/ SPORTING ACTIVITIES

I give my permission, provided appropriate risk assessment procedures have been undertaken, for my son/daughter to participate in Bunya Campus supervised excursions and activities.

Low Risk:

Example but not limited to:
shopping, movies, ten pin bowling, putt-putt golf

Medium Risk:
